

Kits for Kids

a simple, powerful package, filled with personal hygiene and basic “medicine cabinet” items that are scarce in the developing world.

According to the World Health Organization, in 2012 more than **3.3 million children** under the age of five died of preventable and treatable conditions. **Kits for Kids** is a way to provide access to these simple and affordable supplies.

When a child gets hurt, many families have to travel a long distance by bicycle, bus, or even on foot to receive basic care at the nearest clinic.

Working with pediatricians and nurses, Project C.U.R.E. developed **Kits for Kids** to provide parents in developing nations with the supplies they need for their kids at home.

These basic supplies can mean the difference between life and death for kids around the world.

PACK YOUR KITS TODAY!

kits for kids

Easy as 1-2-3-4-5!

1 Request your bags.
Visit www.projectcure.org/programs/kidskits.

2 Donate \$5 per Kit for international shipping.
Visit www.projectcure.org/give/give-money, or include a \$5 check in your completed Kit bag.
After receiving the completed request and donation, your Kits will be shipped to you within 5-7 business days.

3 Fill your Kit with a variety of the following items:
