**Insurance Policy** (please read carefully)

All vehicles *must* be covered by a public liability and property damage liability insurance policy. The amount of this coverage must meet or exceed the insurance requirement of the state in which the vehicle is licensed and the states where travel will occur. (It is recommended, however, that coverage limits are at least \$50,000/\$100,000/\$50,000) Any vehicle carrying ten or more passengers is required to have limits of \$100,000/\$300,000/\$100,000. In the case of rented vehicles, the requirement of coverage limits can be met by combining the limits of personal coverage carried by the driver with coverage carried by the owner of the rented vehicle. All vehicles used in travel outside the United States must carry a public liability and property damage liability insurance policy that complies with or exceeds the requirements of that country.
