

Scout Uniform Day “3rd Wednesday of each month”

Scouting has touched many lives over the past 102 years, were you involved? Do you have a special memory? Would you be surprised to know many of the people you come in contact were Scouts?

The purpose of the Scout Uniform Day every month is to remind people of the programs; hear a story about another person's experience, to reminisce.

But more importantly, to present awareness of the impact of Scouting's Youth programs in our daily lives. To communicate to people you encounter while wearing your uniform, how youth can become involved, how adults can contribute and how families can experience many of scouting's activities throughout the year. To tell all the people you encounter on that 3rd Wednesday about the Grand Canyon Council and the impact on the community, Scouting programs make every day.

Join this effort and by wearing your Scout Uniform you too are helping Scouting as you proudly tell people of your involvement.
